Introduction

Our mission at Another Way, Inc. is to Provide a 5-6 Month residential halfway house program in which chemically dependent men can reorganize their lives with a view towards an independent lifestyle. Our primary purpose is to help the recovering person continue the process started in their rehabilitation program while simultaneously providing direction and guidance to aide them in making a smooth transaction into mainstream society.

We provide groups, educational lectures and address living skills, along with co-occurring issues, and use solution focused treatment. We also refer to local community based agencies and programs to assist us in fulfilling this mission. Clients will be expected to continue involvement in AA/NA to enhance their recovery experience. Another Way, Inc. focuses on intense counseling in an intimate setting. We believe improved self-esteem, positive mental attitude and addressing the mind, body and spirit will lead clients to a firm foundation to live life without active addiction.

## Demographics and Outcomes
